hip arthroplasty

DEAR DELEGATES,

We have immense pleasure in announcing the advanced **CME of KERALA ORTHOPEDIC ASSOCIATION** for this year on 12th November, 2017. The focus of this CME will be on **hip replacement**.

This unique joint with intricate anatomy and the challenges that it brings to the surgeon in restoration of anatomy makes hip arthroplasty a state of the art surgery. The very same fact repels many surgeons from attempting the same. In this CME we bring you the knowledge in a platter... Pioneers with immense experience in the field are coming together with VIDEO LECTURES to elucidate the principles of surgery step by step dwelling to intricate details that we often want to know but dont get or hesitate to ask in a public forum.

So there it is. Please participate and use this golden opportunity to either hone your skills or learn systematically. Let patients that come to you return with a painless hip to their lives. Hosted on the banks of backwaters of Kumarakom, and the magnificent Backwater Ripples providing pristine beauty, we at **Madhya Kerala Ortho Club** invite you to this academic feast.

'Good surgeries come from good teamwork. KOA considers training of nurses seriously and hence we have organized a nursing cme on the same day at the same venue which exponentiates the principles of nursing involved in THR'.

KOA President
Dr Tigy Thomas Jacob
+91 94470 54440

KOA Secretary
Dr Jijo Jose
+91 94471 31979

Organizing Chairman
Dr Rajesh V
+91 94466 76767

Treasurer
Dr Georgy J Kuruvilla
