**BASIC CME OF KERALA ORTHOPAEDIC ASSOCIATION
HOSTED BY: WOS AND DEPT. OF ORTHOPEDICS, DMMC WAYANAD**

Dear orthopods,

This course is designed to educate orthopaedic surgeons on existing core principles of nailing in trauma and fracture care, challenge dogma, explore emerging techniques and technology and continue improving. Nationally renowned leaders in the field of orthopaedic trauma will lead interactive discussions and debates, present their experiences, techniques and challenging cases, and provide instruction in hands-on workshops.

Target Audience

Orthopaedic surgeons, physician assistants, surgical assistants, nurses and other healthcare professionals whose scope of practice includes trauma and fracture care.

Objectives

Upon completion of this course, attendees should be able to:

- Identify emerging techniques in trauma and fracture care with discussion of where they stand relative to evidence-based medicine and standard of care.
- Know more about international trauma systems.
- Develop strategies for implementing changes in practice while maintaining skills and wellness.
- Compare the advantages and disadvantages of surgical treatment options for fractures of the extremities.
- Recognize the benefits (and limitations) of operative dogma and evidence-based medicine as it pertains to trauma and fracture care.
- Define the principles and provide practical tips on nailing.
- Describe which fracture types or patient related influences predispose a patient for other modalities of treatment other than nailing.

The faculty will answer questions throughout the session. It will be an interactive live knowledge transfer.

Accreditation

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council of KSMC/Nursing Council through the joint providership of Wayanad Orthopaedic Society (WOS) affiliated to Kerala Orthopaedic Association, Dr. Moopen's Medical College and KUHAS.

WOS has applied for CME credit points and is in the process. Delegates should claim only the credit commensurate with the extent of their participation in the activity.

Accommodation

Accommodation will be arranged within the vicinity of the venue. A small block of rooms has been reserved at a special group rate. To receive the group rate, reservations must be made by **12/06/2022**. To receive the group rate, please mention "**Nails 2022**" when making the reservation.

Please notify the Continuing Medical Education Office or call **Dr. Jishnu: 9961844444** a minimum of ten working days in advance of the event if a reasonable accommodation for a disability is needed. Events, activities and facilities of WOS are available without regard to race, color, sex, national origin, disability, age or veteran status as provided by the law and in accordance with WOS's respect for personal dignity.
