Dear colleague,

Warm greetings from OASIS, KOA and CaOS. The world is slowly coming out of the pandemic, and after a brief period, all of us have restarted our regular Orthopaedic services. At OASIS, we have been conducting regular webinars to explore the new frontiers, impart new knowledge and to revisit the fundamental principles.

This time, the OASIS Traumacon is being conducted by Kerala Orthopaedic Association. For KOA the Calicut Orthopaedic Society is hosting the event in Kozhikode on May 22<sup>nd</sup> 2022. We have expert faculties from all 6 states of South India to speak to us on latest concepts about Fractures around the Knee. We welcome all to this academic feast.
