Highlights

LIVE SURGERIES

- > Rotator cuff repair
- > Arthroscopic Bankart Surgery
- > Reverse shoulder replacement
- > Lower Trapezius transfer
- Arthroscopic Latarjet Procedure

- Workshops on various Shoulder products
- Talks by Prominent International, National and State Faculty

Dear colleagues and friends,

I would like to personally invite you to the "God's Own Country Shoulder Course 2023" to be held on 5th and 6th of August at Crowne Plaza, Kochi, Kerala.

We have planned a 2 day conference with live surgeries, didactic lectures, shoulder model hands-on practice sessions, virtual reality shoulder arthroscopy simulators and product workshops. We are trying to showcase primary and complex procedures in the shoulder joint with learning objectives for the young and the seasoned shoulder surgeon alike. The live surgeries will be demonstrated by renowned National faculty. I am sure the International faculty will add to the quality of the panel discussions and lectures. The conference highlight is that the delegates will have the opportunity to watch the entire procedure on side by side split screens with CC interactions between the faculty and moderators.

There will be keynote addresses, debates and panel discussion which will bring out the best from the shoulder surgeons from around the world. There will be paper presentations and poster presentations where the young orthopedic surgeons can bring out the best in themselves. Kerala, also known as the God's Own Country, is known for its hospitality and we will ensure you enjoy your stay in Kochi.

Looking forward to seeing you in Kochi.

Dr. Sujit Jos
Organising Chairman and Course coordinator
